Club Coach Grant

Statistics clearly show, that a child will learn to love a sport only if they have a positive experience. If they do not, they will soon drop out (usually between 10-14 years of age). Most of them will never return.

The objective of the Club Coach Grant is to provide clubs with the tools required to create the positive experiences that will foster a child's love for the sport of cross-country skiing. CCSAM believes that every outstanding program has a key individual in the lead position. The purpose of this grant is to help clubs retain this key individual for their programs by assisting with an appropriate remuneration/honorarium for the Club Coach.
